SHAPING THE FUTURE TOGETHER

JOB TOGETHER
MANAGERS & ENGINEERS

CUSTOMIZED SERVICES

JobTogether is active in the recruitment and selection of high quality engineers and managers. Our approach favors the analysis of technical competencies as well as the experience and personality of the candidate. Our goal is to ensure a good match between the open position, the corporate culture and the candidate.

SERVICES TO COMPANIES

Understanding your requirements is key. We place special emphasis on the precise articulation of the open position and the profile of the ideal candidate.

We offer the choice between an open mandate or an exclusive mandate. In the latter case, we are committed to meet your requirements within an agreed timeline.

Our site provides you the opportunity to showcase your business via video. This communication channel allows you to increase the visibility and awareness of your business.

SERVICES TO CANDIDATES

We will assure a professional consultancy service. No step will be taken without your consent. Trust is essential that we will maintain through regular contacts, as well as continuous monitoring of your file.

ADDED VALUES OF JOBTOWGETHER

- Expertise in the field of engineering and management
- Partnership relationship with customers
- Relationship of trust with the candidates
- Very good knowledge of the economy
- Great proximity to the engineering community
